Nanomaterials Statement

The Natural Choice for Flavor and Fragrance Ingredients

PRODUCT NAME: **TAGETTE OIL, Natural**

FEMA No: **3040**

We hereby confirm, to the best of our knowledge, that the above referenced product has not been formulated with engineered nanomaterials.

"Engineering nanomaterial" means any intentionally produced material that has one or more dimensions of the order of 100nm or less or that it is composed of discrete functional parts, either internally or on the surface, many of which have one or more dimensions of the order of 100nm or less, including structures, agglomerates or aggregates, which may have a size above the order of 100nm but retain properties that are characteristic of the nanoscale.
