

## **Aurochemicals Standard Ingredient Form**

This form facilitates the verification process for enrolled participants. The Non-GMO Project (NGP) Standard requires FoodChain ID to assess all potential GMO (\*) risk ingredients, including highly processed ingredients and sub-ingredients. Detailed information from suppliers is required and highly appreciated. Thank you for your cooperation.

Name of Ingredient:	CARAMEL FURANON	NE 1% IN TRIACETIN, NATURAL	
Name of Ingredient Ma	nufacturer:	Aurochemicals	
1. Is this ingredient 95+% (	Certified Organic?	□Yes □No ⊠ O	rganic Compliant
2. Has this ingredient been	verified as a product thre	ough the Non-GMO Project Product Verification	n Program?
			□Yes ⊠No
questions, move to the end 2, please proceed to questi	of this document and fill on 3.	ver questions 2.1, 2.2 and 2.3. When you have a out the signature section. If you have answered the NGP verified product/ingredient with the	
	me on the certificate or li	isted in an addendum. before received a client's facility/copacker?	□Yes □No
*Permea	ble form: handling of NG	oduct in permeable* form? P verified product in unsealed form.  de SOP's for segregation and traceability for the	□Yes □ No
3. Is the ingredient or any of ingredient genetically mod	_	or the source crop/raw material of the ingredie $technology^1$ methods?	ent/sub- □Yes ⊠No
(e.g. flax seed):contain (or is used processing aids (e	nt consists of a single inport. Select this to process) any additive nzymes, solvents, extract A, please skip question 5	ut ("mono"). Please identify the single raw mass option only if this is a 100% single ingredient ass (i.e. preservatives, carriers, anti-caking agents ants, microorganisms, etc.) in its manufacturing.	and does not s, etc.) or g process.
⊠B. The ingredie more than one in		ts ("compound"). Select this option if the ingred	dient contains
	<del>-</del>	's raw materials, additives, incidental additives, its that are used in the ingredient's manufacturi	

The Natural Choice for Flavor and Fragrance Ingredients

Sub-Ingredient name	Identify all inputs used in manufacturing of sub-ingredient(s) or indicate that sub-ingredient is 100% raw material	Please check if the sub-ingredient is a processing aid <sup>2</sup>
Example: Sunflower Oil	Example: 100% Sunflower seeds OR sunflower seeds, citric acid and vitamin E.	
Additional ro	ws needed and supplementary list is attached. (Please sign and da	te supplemental list.)

The following questions apply to the ingredient itself, and if a compound ingredient, to ALL its sub-ingredients and/or inputs used to produce its sub-ingredients, except micro processing aids. These should also be fully disclosed in the table above. Please answer the following questions for a proprietary formulation as well.

6. Does this ingredient contain any processing aids <sup>2</sup> which are present at 0.5% or more?	□Yes	⊠No
If yes, please name the processing aid(s)* below:		
* For purposes of the Non-GMO Project Standard, fermentation microorganisms are not considered processing a	ids.	
7. Is this ingredient or its sub-ingredients made through a fermentation process (using a microorgan	ism)? ⊠Yes	□No
7.1 If Yes, is the microorganism genetically modified?3	□Yes	⊠No
7.1.1 If Yes, is this ingredient separated out from the fermentation medium*? (*The microorganism used for fermentation grow in specially designed growth medium which supplie required for the growth of the microorganism, such a medium is called the Fermentation Medium)	⊠Yes s the nutrie	_
8. Is this ingredient or any of its sub-ingredient a microorganism?	□Yes	⊠No
8.1 If Yes, is the microorganism genetically modified? <sup>3</sup>	□Yes	□No
If you have answered Yes to question 8.1 please answer the following questions:		
8.2 Is the microorganism viable? <sup>4</sup>	□Yes	□No
If No, please explain how is microorganism are rendered non-viable (list processes used):		
9. Is this ingredient or any of its sub-ingredients an enzyme?	□Yes	⊠No
Please list ingredient/sub-ingredient(s) and/or all inputs to which your response applies:		
9.1 If Yes, is the enzyme(s) derived from a genetically modified organism? <sup>3</sup>	□Yes	 □No
If you have answered 'Yes' to question 9.1 please answer the following question.		
9.2 Is the enzyme still functional <sup>5</sup> in the finished enrolled product?	□Yes	□No

If No, please explain how the enzyme is deactivated/denatured (i.e. briefly describe processes used to render the enzyme non-functional):

10. Is this ingredient or its sub-ingredients, including inputs used to produce them, a product of sy	nthetic biology
(i.e. produced with synthetically created nucleic acid sequences and/or genes)?	□Yes ⊠No
If Yes, please list all ingredient/sub-ingredient(s) and/or all inputs to which your response	applies:
11. Is this ingredient or its sub-ingredients, including inputs used to produce them, derived from a (e.g. dairy, meat, eggs, bee products, wool/hides, etc.)?	nimal sources  □ Yes ⊠ No
If Yes:	
Answer the following for each animal-derived input (ingredient, sub-ingredient or any inprocessing):	outs used in
<ul> <li>Is rBGH, rBST (recombinant bovine growth hormone or recombinant bovine somatotropin the livestock?</li> </ul>	a) administered to
<ul> <li>Are Animal husbandry practices involving cloned spermatozoa (cloned animals or their prog</li> </ul>	eny) used?
, i	☐Yes ☐No
• Are Bee products, viz. honey, bee pollen, etc., used?	□Yes □No
If Yes, for additional information about requirements for bee products that contribute 0.5% or more to a finished enro (discounting salt and water), request Annex III of this form.	lled NGP product
12. Is the ingredient or any sub-ingredients derived from alfalfa, canola, corn, cotton, papaya, potabeets, yellow summer squash, or zucchini? (Disclosure of this information is required.)	ato, soy, sugar □Yes ⊠No
If you selected Yes to questions 7, 8, 9, 10, 11 or 12, complete the following table for applicable in	gredient, sub-

ingredients and/or inputs used to produce the sub-ingredient:

Ingredient name, Sub- Ingredient name or Input name used to	ame, Sub- gredient of the or Third-Party IP gredient finished Certified? If Yes ame or ingredient provide put name (discounting certificate with		Please check any of the following for which you answered 'Yes'				Complete this section only if you answer Yes to Q12  Crop source and countries/regions of origin											
produce Sub- Ingredient	water) if known	-	Q7	Q8	Q9	Q10	Q11	Alfalfa	Canola	Corn	Cotton	Рарауа	Potato	Soy	Sugar Beets	Yellow Summer Squash	Zucchini	Countries and/or regions of origin

Additional rows needed and supplementary list is attached.
