

Product Specification

The Natural Choice for Flavor
and Fragrance Ingredients

Product:	Fumaric Acid, Natural
FEMA No:	2488
CAS No:	110-17-8
CFR No:	172.350; 117
Chemical name or Synonyms:	trans-1,2-Ethylenedicarboxylic Acid
Empirical Formula:	C₄H₄O₄
Declaration in USA:	Natural
EEC:	N/A
Appearance:	Colorless to white crystalline powder
Odor:	Odorless
Melting Point:	298 -300°C
Flash Point:	>110°C
Purity:	98% Min
Solubility:	Soluble in alcohol and oils; slightly soluble in water
Storage and Shelf Life:	Store in a cool, dry area away from light and sources of ignition. 24 months shelf life

Revision #3 8/11/2022
