## Section 1: PRODUCT AND COMPANY IDENTIFICATION

### 1.1 Product identifiers

|                |                            |
|----------------|----------------------------|
| Product Name   | Vanillin AU Clove, Natural |
| Product Number | 0310700                    |
| CAS-No.        | 121-33-5                   |

### 1.2 Product Recommended Use

Flavorings

### 1.3 Preparation Information

|           |                                                               |
|-----------|---------------------------------------------------------------|
| Company   | Aurochemicals<br>7 Nicoll Street<br>Washingtonville, NY 10992 |
| Telephone | 845-496-6065                                                  |
| Fax       | 845-496-6248                                                  |

### 1.4 Emergency Telephone Number

1-800-535-5053  
International - 1-352-323-3500 collect

## Section 2: HAZARD(s) IDENTIFICATION

### 2.1 Classification of substance or mixture

GHS Classification in accordance with 29 CFR 1910 (OSHA HCS)

May be harmful if swallowed  
Eye irritation (Category 2A), H319  
Acute aquatic toxicity (Category 3), H402  
Chronic aquatic toxicity (Category 3), H412

### 2.2 GHS Label Elements, Including precautionary statements

Pictogram

**Warning**

Signal Statement

Hazard Statement(s)

H303 May be harmful if swallowed  
H319 Causes serious eye irritation  
H412 Harmful to aquatic life with long lasting effects

Precautionary  
Statement(s)

P264 Wash skin thoroughly after handling  
P273 Avoid release to the environment  
P280 Wear protective gloves/eye protection/face protection  
P301+P312 IF SWALLOWED: Immediately call a POISON CENTER or doctor/ physician if you feel unwell.  
P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do.

# Safety Data Sheet

P337+P313 If eye irritation persists: Get medical advice/attention  
 P403+P235 Store in a well-ventilated place. Keep cool.  
 P501 Dispose of contents/container to an approved waste disposal plant

## 2.3 HNOC (Hazards not otherwise classified or not covered by GHS –None)

## Section 3: COMPOSITION / INFORMATION ON INGREDIENTS

### 3.1 Substances

|                  |                                              |
|------------------|----------------------------------------------|
| Synonyms         | 4-Hydroxy-3-methoxybenzaldehyde              |
| Formula          | C <sub>8</sub> H <sub>8</sub> O <sub>3</sub> |
| Molecular Weight | 152.15 g/mol                                 |
| CAS-No           | 121-33-5                                     |
| EC-No.           | 204-465-2                                    |

#### Hazardous Components

| Component | Classification                                                                                                                    | Concentration |
|-----------|-----------------------------------------------------------------------------------------------------------------------------------|---------------|
| Vanillin  | Harmful if swallowed, H303<br>Eye irritation (2A), H319<br>Acute aquatic toxicity (3), H402<br>Chronic aquatic toxicity (3), H412 | <= 100%       |

## Section 4: FIRST AID MEASURES

### 4.1 Description of first aid measures

|                         |                                                                                                                             |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| General advice          | Consult physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.                     |
| Inhalation              | Provide fresh air; keep at rest and at a comfortable position to breathe. Consult a physician.                              |
| Contact with skin:      | Remove contaminated clothing. Rinse skin with cool water then wash with mild soap and warm water and contact a physician.   |
| Contact with eyes:      | Rinse thoroughly with plenty of water for at least 15 as a precaution and consult a physician.                              |
| Ingestion               | DO NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician. |
| Clothing contamination: | Remove contaminated clothing and wash before reuse.                                                                         |

**4.2 Most important symptoms and effects both acute and delayed** See section 2.2 and or section 11

**4.3 Indication of any immediate medical attention and special treatment needed** No data available

## Section 5: FIREFIGHTING MEASURES

|                                                                  |                                                                         |
|------------------------------------------------------------------|-------------------------------------------------------------------------|
| <b>5.1 Extinguishing Media</b>                                   | Use water spray, alcohol resistant foam, dry chemical or carbon dioxide |
| Suitable Extinguishing Media                                     | Carbon oxides                                                           |
| <b>5.2 Special hazards arising from the substance or mixture</b> |                                                                         |
| <b>5.3 Advice for fire fighters</b>                              | Wear self contained breathing apparatus for firefighting if necessary.  |
| <b>5.4 Further information</b>                                   | Use water spray to cool unopened containers.                            |

# Safety Data Sheet

## Section 6: ACCIDENTAL RELEASE MEASURES

- 6.1 Personal precautions, protective equipment and emergency procedures** Use personal protective equipment. Avoid dust formation. Avoid breathing dust, vapors, mist or gas. **Ensure adequate ventilation.**
- 6.2 Environment precautions** Prevent further leakage or spillage if safe to do so. Do not allow to enter drains or sewage system.
- 6.3 Methods and materials for containment and clean up** Contain spillage. Avoid dry sweeping to avoid creating dust. Dry sweep up with broom and shovel. Place in a suitable, closed container for disposal.
- 6.4 Specific end use(s)** Apart from the uses mentioned in section 1.2, no other specific uses are stipulated.

## Section 7: HANDLING AND STORAGE

- 7.1 Precautions for safe handling** Avoid contact with skin and eyes and clothing. Avoid formation of dust and aerosols. **Provide appropriate exhaust ventilation at places where dust is formed.**
- 7.2 Conditions for Safe storage** Keep container tightly closed in a cool, dry and well-ventilated place. **Air, light and moisture sensitive.**
- 7.3 Specific End use(s)** Flavorings

## Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

- 8.1 Control parameters**  
**Components with workplace control parameters**

| Component | CAS-No.  | Value | Control Parameters   | Basis                                               |
|-----------|----------|-------|----------------------|-----------------------------------------------------|
| Vanillin  | 121-33-5 | TWA   | 10 mg/m <sup>3</sup> | USA. Workplace Environmental Exposure Levels (WEEL) |

- 8.2 Exposure Controls**

**Appropriate Engineering Controls** Handle in accordance with good industrial hygiene and safety practices. Wash hands immediately after handling the product; before breaks and at the end of the day.

**Personal protective equipment**

**These recommendations are advisory only and must be evaluated by an industrial hygienist and safety officer familiar with the specific situation of anticipated use by our customers. They should not be construed as offering an approval for any specific use scenario.**

- Eye/face protection** Wear appropriate safety glasses with side shields. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166 (EU).
- Skin protection** Wear chemically resistant Nitrile rubber gloves, 0.11mm, when handling this product. Use proper glove removal techniques (without touching gloves outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use. Wash and dry hands.
- Body protection** Impervious clothing protecting against chemicals, should be selected specifically for the work place, depending on concentration and quantity of the hazardous substances handled. The resistance of the protective clothing to chemicals should be ascertained with the respective supplier.

**Respiratory protection** For nuisance exposures use type P95 (US) or type P1 (EU EN 143) particle respirator.

# Safety Data Sheet

For higher level protection use type OV/AG/P99 (US) or type ABEK-P2 (EU EN 143) respirator cartridges. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Control of environmental exposure Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge to the environment must be avoided.

## Section 9: PHYSICAL AND CHEMICAL PROPERTIES

### 9.1 Information on basic physical and chemical properties

|   |                                        |                                                                                                |
|---|----------------------------------------|------------------------------------------------------------------------------------------------|
| a | Appearance                             | Solid-Crystalline-Powder<br>White-to slightly yellow                                           |
| b | Odor                                   | Creamy, vanilla like odor                                                                      |
| c | Odor Threshold                         | No data available                                                                              |
| d | pH                                     | No data available                                                                              |
| e | Melting Point /Freezing Point          | Melting Point: 81-83°C                                                                         |
| f | Boiling Point                          | 285°C                                                                                          |
| g | Flash Point                            | 153°C closed cup                                                                               |
| h | Evaporation Rate                       | No data available                                                                              |
| i | Flammability (Solid, Gas)              | No data available                                                                              |
| j | Upper/lower Flammability Limit         | No data available                                                                              |

| p | Auto-ignition Temp.                    | No data available                                                                              |
| q | Decomposition Temp.                    | No data available                                                                              |
| r | Viscosity                              | No data available                                                                              |
| s | Explosive properties                   | No data available                                                                              |
| t | Oxidizing properties                   | No data available                                                                              |

9.2 Other Safety Information No data available

## Section 10: STABILITY AND REACTIVITY

|      |                                    |                                             |
|------|------------------------------------|---------------------------------------------|
| 10.1 | Reactivity                         | No data available                           |
| 10.2 | Chemical Stability                 | Stable under recommended storage conditions |
| 10.3 | Possibility of Hazardous reactions | No data available                           |
| 10.4 | Conditions to avoid                | No data available                           |
| 10.5 | Incompatible materials             | Strong oxidizing agents                     |
| 10.6 | Hazardous decomposition products   | No data available                           |
| 10.7 | Further Information                | No data available                           |

## Section 11: TOXICOLOGICAL INFORMATION

### 11.1 Information on toxicological effects

# Safety Data Sheet

## Acute Toxicity

LD50-Oral –Rat

3,978 mg/kg (OECD Test Guideline 401)

LC50-Inhalation

No data available

LD50-Dermal –Rabbit

&gt;5,010 mg/kg

**Remarks:** Behavioral: Somnolence (general depressed activity), Food intake (animal).

Gastrointestinal: Peritonitis

Skin corrosion/irritation

No data available

Serious eye damage/eye irritation

Rabbit: Irritating to eyes – 72h

Respiratory or skin sensitization

Guinea Pig: Maximisation Test

Does not cause skin sensitisation (Directive 67/548/EEC, Annex V, B.6)

Germ Cell mutagenicity

No data available

## Carcinogenicity

IARC No component of this product, present levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

ACGIH No component of this product, present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.

NTP No component of this product, present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA No component of this product, present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

Reproductive toxicity

No data available

Specific target organ toxicity-single exposure (GHS)

No data available

Specific target organ toxicity-repeated exposures (GHS)

No data available

Aspiration Hazards

No data available

Signs and Symptoms of Exposure

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated

Synergistic effect

No data available

RTECS:

YW5775000

## Section 12: ECOLOGICAL INFORMATION

### 12.1 Toxicity

To Fish:

LC50: Semi-Static Test: Pimephales promelas (fathead minnow) 57mg/l 96h

LC50: Static Test: Pimephales promelas (fathead minnow) 88 mg/l 96h

LC50: Flow Through Test: Pimephales promelas (fathead minnow) 53-61.3 mg/l 96 h

### 12.2 Persistence and degradability

No data available

### 12.3 Bioaccumulative potential

No data available

### 12.4 Mobility in soil

No data available

### 12.5 Results of PBT and vPvB assessment

PBT/vPvB assessment not available as chemical safety assessment not required / not conducted

### 12.6 Other adverse effects

An environmental hazard cannot be excluded in the event of unprofessional handling or disposal. **Harmful to aquatic life**

## Section 13: DISPOSAL CONSIDERATIONS

# Safety Data Sheet

## 13.1 Disposal methods

Product: According to local regulations  
Packaging: According to local regulations

## Section 14: TRANSPORT INFORMATION

DOT (US) Not dangerous goods  
IMDG Not dangerous goods  
IATA Not dangerous goods

## Section 15: REGULATORY INFORMATION

Reach No. A registration number is not available for this substance as its uses are exempted from registration, the annual tonnage not require a registration or the registration is envisaged for a later registration deadline.

SARA 302 Components No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302

SARA 313 Components This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

SARA 311/312 Hazards Acute Health Hazard

Massachusetts Right to Know components No components are subject to the Massachusetts Right to Know Act

Pennsylvania Right to Know components Vanillin CAS# 121-33-5 Rev. Date: 12/1/1989

New Jersey Right to Know components Vanillin CAS# 121-33-5 Rev. Date: 12/1/1989

California Prop. 65 components This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

## Section 16: OTHER INFORMATION

### HMIS Rating

Health hazard 2  
Chronic Health Hazard  
Flammability 1  
Physical Hazard 0
